

We are wanting to get a better picture of what matters most to our members in the Barnsley District. An initial pilot from two schools have indicated the following; it will help us decide on what our local campaigns should concentrate on. This survey will remain anonymous.

Working hours including directed time.	
Workload	
Excessive meetings.	
Performance Management and pay progression.	
Disability discrimination	
Racial harassment.	
Violence and aggression within school	

The Little Gems Training opportunity is the start of something we want to further develop. We want to use membership money to provide further training opportunities for Barnsley District members.

What would you like more support with?	
What day would be best to access training? E.g. Is weekend training such as Saturday a better option?	
Would you be willing to train after school sessions? If so, what time would be best for you to access this?	
Do you have access or dietary requirements?	
Would the provision of child care or child care reimbursement support you in accessing training?	
Have you used the NEU website to view courses provided in our District?
